Power Mac™ G3 266MHz $2,999!

Monitor sold separately

New!

Power Macintosh® G3 Series

Welcome to the new generation of Power Macintosh processor technology! The Power Macintosh G3 series significantly increases performance and flexibility. It boasts the first processor specifically optimized for the Mac OS. It uses a new logic board design, and even features an innovative Level 2 backside cache architecture to increase performance far beyond clock speed. And this 233MHz model even beats an 8600 running at 300 MHz! Order one today.

- 233 or 266MHz PowerPC G3 processor
- 512K Level 2 backside cache
- 117 or 133MHz dedicated 64-bit backside bus
- 66 MHz system bus drive
- 4 or 6GB hard drive
- 24X CD-ROM
- 32MB RAM (up to 192MB desktop or 384MB (Mini tower)
- Internal 100MB Iomega Zip Drive (select models)

10 Great Reasons To Order From Us!

1 Made-to-Order Macs

We've been custom-configuring Macintosh computers for years! Just tell us what you want (from extra RAM to pre-loaded software) and we'll install it for you for a nominal fee. And if you place your order by 11:00pm EST, we'll have your Made-to-Order Mac shipped to you overnight (subject to availability).

2 One-to-One Personal Account Executive Service

When you call MacMall, you'll speak with a Personal Account Executive trained to handle everything from helping you select the right products (every person goes through technical training in our **MacMall University**), to making sure your delivery reaches you when you need it.

3 Fastest Overnight Delivery

Place your order as late as 11:00 pm EST and get it by 10:30 the next morning!

4 Over 45,000 Products

Find what you need with direct access to over $1.8 billion in available inventory—which includes over 45,000 products from the best names in computers, printers, software, memory, monitors and more!

5 Open Accounts

MacMall offers Net 15 day terms to government agencies, schools and businesses with instant approval to qualified customers. Your Personal Account Executive can assist you in your application. Please allow up to 3 days for credit approval.

6 Toll-Free Technical Support

Call for details on free technical support and on-site servicing!

7 Extended Warranties and Service

We offer extended warranties on all the Mac OS systems we sell! Call for pricing.

8 Leasing and Licensing Programs

How Leasing Works:

1. Tell your MacMall® account executives you want to lease
2. We'll take a short application
3. We'll call you with a credit decision within 4 hours
4. We'll fax you a lease agreement
5. You sign the lease agreement – fax it back
6. When we receive the signed lease, we'll ship your order (usually the same day)
7. Leasing terms are also available to schools and educational institutions

Volume Software Licensing

Supply your entire office with the latest software versions for less! Call for details.

All leases are subject to credit approval.

ok Selection That ice Range!

Macintosh® PowerBook® 1400 Series–Up to 166MHz!

Here's a PowerBook that's a portable with personality! Not only is the PowerBook 1400 series packed with fast processors (for easily handling everything from complex spreadsheets to graphics intensive reports), but they also feature a clear plastic panel called a book cover. The book cover lets you personalize your PowerBook with colorful, changeable inserts. Plus, expansion is a snap, thanks to its memory expansion slot that allows you to "piggy-back" memory cards (and protect your investment in additional RAM). And its internal expansion slot lets you easily add Ethernet or video functionality. Order one today!

Pick the Macintosh® PowerBook® 1400 model that's right for you!

Super-Fast Book is Here!

NEW Macintosh PowerBook G3

Welcome to the latest, greatest Macintosh PowerBook, the G3! It's built around exciting new processor technology, including a 250MHz PowerPC G3 processor (the first processor designed specifically to optimize the Mac OS) and 512K level 2 backside cache. The result? It gives you performance more than TWICE that of its predecessor! Plus, it has high-powered standard features like 2MB VRAM for powering external displays, a video controller for enhanced graphics, Zoomed Video and a 20X CD-ROM drive.

FileMaker PRO 4.0
Easy information management–from desktop to the web

FileMaker Pro 4.0– Easy Info Management from Desktop to Web!

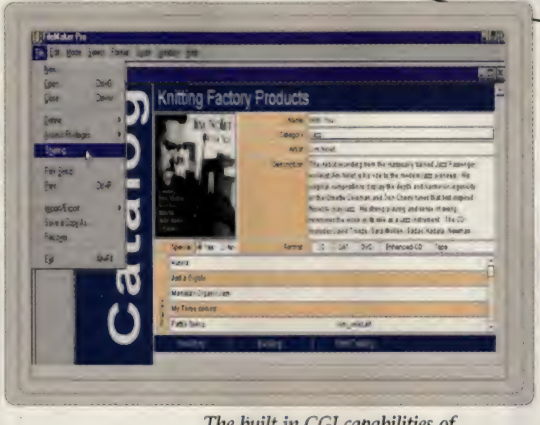
Welcome to the easiest way to manage your information! FileMaker Pro 4.0's award-winning relational database helps you transform your Excel spreadsheet documents into FileMaker Pro databases in just seconds.

Look what you can do with FileMaker Pro 4.0:

- **Instantly publish FileMaker Pro databases on the Internet or intranet.** It helps you search, edit, delete and update your Web records via any Web browser
- **Integrate multimedia elements** using QuickTime
- **Share information seamlessly between Windows 95/NT and Mac OS versions of FileMaker Pro**
- **Serialize records** to create invoice numbers, part numbers, account numbers and more

Plus FileMaker Pro 4.0 gives you these features:

- **48 ready-to-run database templates** for home business and education; four complete templates for Web usage: Shopping cart, guest book, employee database and URL register
- **Excel spreadsheet import capabilities** Simply drag and drop the Excel document
- **Powerful data management** helps you create one-to-one, one-to-many and many-to-one relationships
- **Built-in CGI tools and compatibility with Claris Home Page 3.0** make adding interactive databases to your Web site a snap
- **90 degree object rotation** for text, fields, even graphics–to accommodate specialized reports and forms



The built-in CGI capabilities of FileMaker Pro 4.0 allow you to connect databases to interactive web-page forms.

200MHz Systems AS LOW AS $995!

SuperMac C600
Including Cache Doubler!

The SuperMac C600 mini-tower from UMAX Computer Corporation is designed for fast, efficient work at home, office or home office. Get organized, stay connected, have fun, and get stuff done with some of the greatest features and available with many different options. You choose the power level (and integrate the extras) you need for work or for play.

Monitor sold separately. See pages 16 and 59-62 for complete selection.

What is Cache Doubler?

Cache is what makes your routine computing tasks process faster and more efficient. Cache Doubler is an exclusive UMAX in-line cache technology that doubles your processor bus speed and allows cached data to be presented to the processor in more than half the time. It also increases the cache of all C500 and C600 systems from 256K cache to 1MB.

SUPERMAC C600 FEATURES:

- 240 or 280MHz Processor
- **NEW Cache Doubler** (C600/280x series)

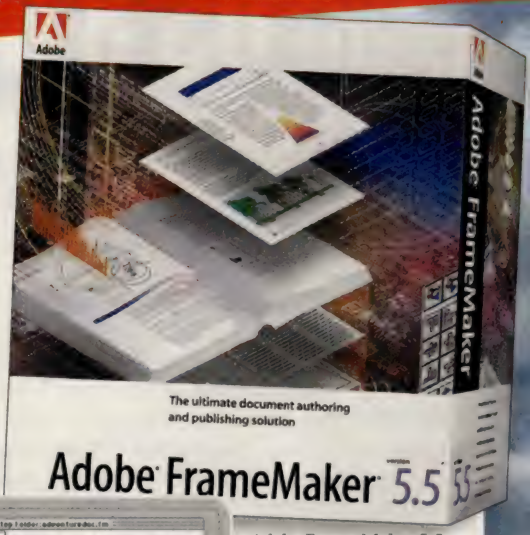
Web Magic from Adobe!

NEW Adobe™ FrameMaker™ 5.5!

It's everything you need to create professional-looking documents quickly and easily! FrameMaker 5.5 gives you word processing, page layouts, graphics, color features and online distribution capabilities all in one comprehensive application. It makes producing documents like books, catalogs, and online product information a snap!

Now that you're done composing, editing and polishing your document, you can put it online in a flash! Just use Adobe FrameMaker 5.5's automatic HTML conversion for fast, easy electronic publishing on the Web!

New!



NEW features make publishing even easier!

- Sophisticated productivity features—easy formatting, text runaround and footnotes for getting more done in less time
- Easy, long document handling—automatic number headings, instant index and TOC generation and seamless importing
- Powerful electronic publishing—built-in hypertext capabilities, automatic HTML conversion, and automatically convert to Portable Document Format files from within FrameMaker
- Works the same way on Mac, Windows and UNIX systems
- Easy table generation with the Table Editor
- International support— 17 language-specific dictionaries

Publishing has never been so simple! Upgrade to Adobe FrameMaker 5.5 today for the Special Introductory Price!

Enter the World of the PC...from Your Macintosh™!

It's not just games! RealPC helps you run all DOS and Windows applications, too!

> "It's not every day you come across a product that targets a real need, satisfies it almost completely, and yet costs less than you expect. But this is one of those days. Everyone should get a copy."
> —MacUser

RealPC for Power Mac™ only $79.99
#22702

Run PC Games and More on Your Mac with RealPC!

Now you can run any DOS or Windows® game, right on your Mac! It's a snap with NEW RealPC. EasyLaunch feature helps you run any game with one double click of your mouse (rather than cryptic PC commands). You can even run the latest DirectX games! Just add your own Windows 95® and you can use RealPC to run DirectX games (even those that require MMX) like Myst, Diablo and Tomb Raider. Plus, it automatically optimizes and configures your Windows 95 for RealPC, something that just doesn't occur when installing Windows 95 on a PC. Order it today. And start gaming.

- Ideal for playing the latest DOS shareware games
- Sound Blaster Pro and Sound Blaster 16 support gives you audio for all your games, even Sim City 2000
- Joystick support
- Runs all DOS programs, not just games.

Get 40 Games* †FREE When You Order Today!

Best of 3D Action Games CD Includes: Dark Forces, Descent, Doom, Hexen, Heretic...and more! *25 Great Games shipped in promotional packaging. †$2.99 shipping and handling fees apply. Offer good while supplies last.

Run Business Applications with SoftWindows 95 4.0!

NEW SoftWindows 95 4.0 gives you a performance gain of up to 30% over the previous version. It's twice as fast as the competition. It's the best compatibility solution for your PowerPC™-based Macintosh® PowerBook®. And it includes a complete set of 32-bit drivers with improved performance for networking, CD and SCSI. Plus, it's the only way to get bi-directional cutting and pasting of text and graphics! It's also the fastest way to run the latest DirectX Windows® 95 games and more!

SoftWindows 95 is completely Internet-ready!
SoftWindows 95 version 4.0 includes pre-installed Microsoft Internet Explorer 3.0 for the easiest browsing and downloading on the Web.

- Internet-ready—supports Java and ActiveX
- 30% faster; faster than hardware cards on fast Mac machines
- Includes Microsoft Internet Explorer 3.0 with Real Audio, Macromedia ShockWave and more
- Viewers for Word, Excel and PowerPoint

How Much RAM Do You Already Have?

Your computer's current RAM information is only a couple of mouse clicks away. First, go to the Finder and pull down the Apple® menu. Select "About this Macintosh®" at the top of the list. A box will come up that tells you the type of Mac® you have, the system software version you're running, your "Total Memory" (RAM), your "Largest Unused Block" (Unused RAM), and exactly how much memory your system software and each open application has reserved. It's that easy.

The Easiest Way to Organize and Present Your Many Multimedia Files!

Mediagnügen 2.0.5

Archive, review, sort, and present up to 13,000 multimedia files in picture-book form! Flip through the pages and click to review the corresponding file. Search, sort and create new groups of multimedia files for presentations. Create archives from any media, including removables and CDs. Supports PICT, TIFF, GIF, QuickTime, AIFF, JPEG, SoundEdit and Text Files.

See all the images you have in your library at one time! It's easy using Mediagnuden's "Thumbnail View".

Different ways to view your images:

- Thumbnail view
- Sneak view
- Pose view
- Slide-show— You can present all your files in an automated or manually controlled slide show format

NEW QuarkXPress 4.0 More Layout Tools and Shortcuts Than Ever!

Here's the Top Ten Reasons to Order NEW QuarkXPress 4.0!

1. **Bezier Boxes and Lines**—Create complex shapes and curved-line drawings with built-in illustration tools (use just one tool to edit existing line or boxes)
2. **Character Style Sheets**—Use these to apply formatting to a small range of text (even individual characters) without effecting your entire paragraph
3. **Text Paths**—Flow text along any line, including shapes converted to lines, to create headlines that curve
4. **Merging and Splitting Shapes**—Eight different merge and split commands for combining and dividing shapes to create more complex shapes
5. **Convert Text to Box**—Convert selected text into a Bezier outline shape and fill it with pictures or text
6. **Long Document Features**—Automatically generate tables of contents and other alphabetized, formatted, hierarchical lists
7. **Clipping Paths**—Generate editable Bezier clipping paths automatically for subjects that have white or near-white backgrounds
8. **New Printing Features**—See in advance how your page will be positioned on the selected paper size and more
9. **HiFi Color**—Produce six-color PANTONE Hexachrome separations for HiFi Printing
10. Save in QuarkXPress 3.3 format

Leave Your Font Problems Behind Using Font Box!

Eliminate your font problems for good! Font Box helps you end font related crashes, application errors, unpredictable output and font management problems in just minutes. It improves your system's performance by minimizing your fonts' memory and disk space requirements. And when you use it regularly, it keeps your fonts organized and eliminates font integrity issues.

Font Box keeps your valuable fonts managed, organized and in tiptop shape for when you need them!

- Finds and analyzes all your fonts
- Repairs corrupt fonts
- Fixes Type 1 and TrueType duplicates
- Creates new libraries
- Reorganizes fonts into folders

Publish ★★★★ *"Fonts out of control? Here's an easy way to get the upper hand and solve many system and printing problems."*

MacUser *"The sheer joy of having Font Box report that it has fixed hundreds—or thousands—of font problems makes it worth the price."*

Font Box Standard Edition 3.5"Diskette/Mac®
$74.99 #89860

#89863	Font Box Network Edition 3.5" Diskette Mac	$159.99

FLIGHTCHECK 3.5" Diskette Mac®
$379.99 #94068

Go to Press Error-Free with FlightCheck®!

It happens. You check your prepress files carefully, but there are still costly problems! What to do? Just order FlightCheck. This amazing, stand-alone application scans your QuarkXPress, PageMaker™, Multi-Ad Creator, Photoshop, FreeHand, and Illustrator files, and warns you of over 150 potential problems. It verifies validity of elements such as colors, fonts and images. It reports a host of possible problems like missing images and fonts. And keeps its eagle eye on problems like unused spot colors and many more.

Save $100
Purchase both Adobe Illustrator and FlightCheck together and get FlightCheck for only $279.99. Ask for #25031. Both items must appear on the same invoice. Limited time offer.

Connectix Power Utilities For Your Mac®!

NEW Virtual PC

With Connectix Virtual PC, you can run PC software—including business, entertainment and home—on your Mac! Virtual PC is a Power Mac™ application that installs easily and runs PC software with playable performance on current Mac configurations.

Virtual PC is a complete standards-based PC in software form using standards-based components, such as SoundBlaster Pro and Intel Pentium® MMX™ technology, so you can run the full range of PC software including most operating systems such as Windows 95, NT, 3.x, DOS and more! There's no additional hardware to install—Virtual PC recognizes your existing Mac devices (such as CD-ROM, Printer and Modem) as PC devices. Order Virtual PC today. And start running the entire universe of PC software on your Power Mac!

Requirements:

For Windows® 95: Power PC™ 603e Processor running 180MHz or faster, any 604, any 604e; Mac® OS 7.5.5 or later. 24 MB installed physical RAM 32MB recommended; CD-ROM; 150MB hard drive space—300MB recommended.

For Windows 3.11: Power PC™ running on 100MHz or faster: Mac® OS 7.5.5 or later, CD-ROM; 20 MB installed physical RAM 24MB recommended; 100MB hard drive space—200MB recommended.

For PC Dos: Power PC™ running on 100MHz or faster: Mac® OS 7.5.5 or later, CD-ROM; 20 MB installed physical RAM minimum 24MB recommended; 130MB hard drive space. For games, 180MHz with 24MB of RAM minimum.

Virtual PC is the only software solution that can run the full range of PC operating systems including Windows® NT® to IBM OS/2®, and even NeXT® OPENSTEP®!

- Built-in support for the full range of PC capabilities, such as: SoundBlaster Pro, Full Screen Mode, Internet and Modem support, Ethernet networking, Printing, CD-ROM
- Cross-Platform Convenience
- Includes Microsoft® Windows® 95, Microsoft Windows 3.11 or PC Dos Pre-Installed

Upgrade from SoftWindows™ only $124.99 #97414 After $25 Competitive Rebate*

Virtual PC		
#97414	Virtual PC w/Windows® 95/PPC/CD	$149.99

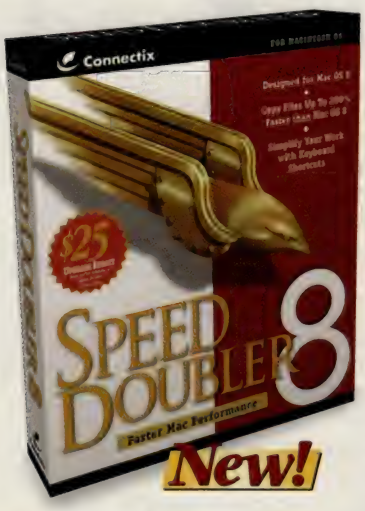
*Price reflects $25 mfr's mail-in competitive upgrade rebate. Price before rebate is $149.99.
Offer valid from 6/15/97-12/31/97 for owners of any version of Insignia Solutions' SoftWindows™.

NEW Faster Speed Doubler 8!

Speed Doubler is now designed with Mac OS 8 in mind! It makes your Mac work faster, from copying files to using Hot Keys for time-saving shortcuts. It makes your Mac copy and backup in a flash. In fact, Speed Doubler 8 can make your Power Mac work up to three times faster (and, at just $24.99, it's a bargain compared to buying a new machine). Order it today and watch your Mac fly!

- Compatible with Mac OS 8's new technology and features
- Faster automatic copying, back-ups and synchronizations
- Keyboard Power for fast, mouseless navigation
- Makes non-power PC native software run up to 100% faster on Power Mac systems
- Improves Zip and Jaz drive speeds by up to 40% faster



Speed Doubler 8
Mac®/3.5" Diskette
$24.99* #99490

Now you can access files, run your favorite software and get your everyday tasks done faster than ever before (so that you can start playing instead of working)!

*After $25 upgrade rebate for previous Speed Doubler 2 users. Price before rebate is $49.99.

Triple Your Power Mac's Memory with RAM Doubler 2!

Connectix RAM Doubler 2 triples your memory so you can run more applications and increase your productivity. RAM Doubler 2's patent pending software technology is the easy way to increase your Mac's memory (no screwdriver required!) And Power Mac native applications require less memory with RAM Doubler 2 installed. Over 1 million satisfied Mac users have made the original award-winning RAM Doubler the standard for Macintosh memory management. RAM Doubler 2 works automatically every time you start your Mac.

- Compatible with Mac OS 8
- Triples your Mac's memory
- Compression engine is up to twice as fast as the original RAM Doubler**
- Run native applications with less memory

Ram Doubler 2
Mac®/3.5" Diskette

US Robotics Sportster 56K Supports x2!

The new U.S. Robotics Sportster® 56K with x2 Technology gives you the power to download e-mail, graphics, video streams and more from the Internet significantly faster than 28.8 modems.

More than 600 Internet/online service providers including America Online, CompuServe, IBM Global Network, MCI, NetCom and Prodigy support x2 Technology!

Connect NOW at over 3500 Internet Points-of-Presence in more than 1400 cities throughout the U.S. and Canada. And the Sportster 56K automatically connects at either x2 or regular speeds from 33.6 down to 300bps—so you get a connection every time, at the fastest possible speed.

Plus, when you purchase this x2 modem, you can get Netcom's premium Internet service NETCOMplete Advantage (with high-speed x2 access) for a special rate of just $24.95 a month, plus two months FREE! Sportster is the world's number one selling modem. Order your 56K modem today for blazing fast x2 Technology!

- ***x2 Technology***—download faster than 28.8 modems
- Uses existing phone lines
- Supports V.34 up to 33.6Kbps
- Flash ROM upgradeable
- U.S. Robotics Connections™ CD-ROM, with special offers just for Sportster owners

All x2 products are capable of 56K downloads; however, due to FCC rules which restrict power output of service providers, modems, current download speeds are limited to 53K. See www.usr.com/x2 for details.

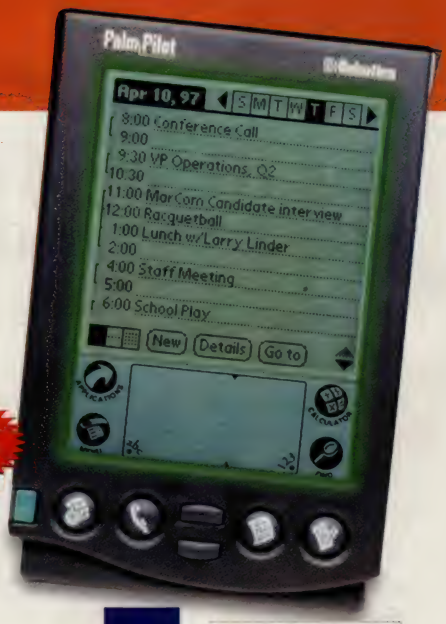
Stay Organized and Connected to Your Mac with the 3Com PalmPilot!



It's small. It's powerful. And it gives you tons of tools for organizing your life, both in and out of the office! The PalmPilot connected organizer is simply the most important part of your Mac...to go.

Just look at all you can do with a PalmPilot:

- Its tiny size (5.7 oz and 4.7" long) makes it easy to take your PalmPilot with you wherever you go, for instant data access
- Use the Professional Edition to store up to 4000 addresses, 2400 appointments, 750 items, 750 memos and 100 emails
- Use its HotSync technology to synchronize your PalmPilot data with your Mac data (no dual entry required, ever)
- Use it with your favorite PIM application, such as Now Up-To-Date
- Includes 1MB RAM plus software: Date Book, Address Book, To Do List, Memo Pad, Security, Games and HotSync

MacPac Included

Hitachi's 19" Display—The Big Picture for Small Desktops

The Hitachi 19" RasterOps Mc7515 gives you the best performance of huge 21" monitors, but has the footprint of a 17" monitor (so it saves you desk space). Plus, it's one of the few monitors of any size that gives you genuine 1600 x 1200 resolution, rather than a simulation.

- Big 18" viewable image size with 17" footprint
- New super-FST for sharper color and contrast
- Genuine 1600 x 1200 resolution; 75Hz refresh rate

Port Doubler

Don't settle for a manual port expander with an ugly ADB cable!

4

Port Juggler

NEW!

SmartPorts®

Momentum's patented SmartPorts® technology automatically switches to the right port when it senses that... the phone is ringing on your fax modem...paper is inserted into your Visioneer PaperPort...the HotSync button is pressed on your Palm Pilot...or simply anytime you need to connect to a device. Also, SmartPorts® technology will turn LocalTalk **on** when connecting to a laser printer and **off** for an inkjet.

Works with over 100 devices:
all modems
all printers
label printers
Palm Pilot
PaperPort
QuickCam
digital cameras
PDAs
MIDI

#97490	PortDoubler	$49.99

Last Chance to Enter! Mercedes Sweepstakes Ends 12/31/97!

FOUR WAYS TO ENTER: (1) You will be automatically entered each time you place an order by calling Creative Computers' 800 number. To be eligible for the sweepstakes, your order must be received by midnight 12/31/97. (2) Or place an order by mail or hand print your name, company name, and address (including Zip Code) on a 3" x 5" piece of paper and mailing in a hand addressed #10 envelope, with first class postage affixed, to: Creative Computers' Sweepstakes, 914 South Hoover Street, Los Angeles, CA 90006. Limit one entry per envelope. No mechanically reproduced entries permitted. Entries must be postmarked by 12/31/97 and received by 1/7/98. (3) You may enter by making a purchase at a participating Creative Computers retailer by close of business, 12/31/97 or by depositing your completed entry in the receptacle provided. (4) You may enter by following all the instructions provided on the Creative Computers Web Site. The Creative Computers Web Site can be reached via the following URLs: http://www.creative computers.com; http://www.macmall.com; http://www.pc-mall.com.

RANDOM DRAWING: Winner will be selected in a random drawing on or about 1/14/98 from among all eligible entries received by D. L. Blair, Inc., an independent judging organization whose decisions are final. Prize will be awarded and winner notified by mail. Odds of winning will depend upon the number of eligible entries received.

PRIZE & APPROXIMATE RETAIL VALUE: One Grand Prize of a Mercedes SLK ($50,000.00) will be awarded.

GENERAL RULES: There is no purchase necessary. Open only to residents of the U.S. who are 21 years or older at the time of entry. Employees of Creative Computers, Inc., their affiliates, subsidiaries, advertising and promotion agencies and the immediate family members and/or those living in the same household of each are not eligible. Void where prohibited by law. Not responsible for lost, late, misdirected, mutilated or illegible entries, entries not received in time for the random drawing, or mistranscribed entries or faulty telephone trans-mission. Winner may make no substitution or transfer of prize. All federal, state and local taxes, insurance, licensing, registration and title fees are the sole responsibility of winner. All federal, state and local laws and regulations apply. Potential winner must execute any required Affidavit of Eligibility/Release of Liability/Prize Acceptance form within 15 days of attempted notification. Noncompliance within this time period may result in disqualification and an alternate may be selected. Return on any prize notification as undeliverable will result in disqualification and an alternate will be selected. Sponsor reserves the right to substitute prize of equal or greater value. Acceptance of prize constitutes permission to the sponsor and its agencies to use winner's name and/or likeness for purposes of advertising and trade without further compensation, unless prohibited by law. By participation in this promotion, entrants agree to be bound by the Official Rules and the decision of the judges. For name of winner, available after 2/15/98, send a separate, stamped, self-addressed #10 envelope to: Creative Computers Winner, P.O. Box 4848, Blair, NE 68009.

Payment Method: We accept VISA, Mastercard, Discover, American Express and the Creative Computers MALL CARD™. We will not charge your credit card for an item until it is shipped. Credit card orders shipped to other than your billing address may require additional verification. C.O.D. charge is $6. Make cashier checks payable to MacMall®. Include applicable sales tax and shipping costs. Sales tax is charged only on shipments to California and Tennessee.

Shipping: We ship by FedEx® or by UPS, in the United States. We use DHL to U.S. Territories, Canada and other foreign locations. We use U.S. Mail for APO and FPO addresses. All U.S. shipments are insured at no extra charge. Shipping costs may be based on average/-estimated weights and may vary from actual shipped weight. Call for accurate shipping costs. FedEx®—Shipping charge via FedEx is $1.25 per pound or fraction thereof. For orders under 3 lbs.—$3 flat rate. Extra charge for Alaska and Hawaii. Phone orders placed and credit approved by 11:00 pm (EST) weekdays for items in stock not requiring configuration for delivery to the contiguous U.S. will ship that same day via FedEx Priority. FedEx Priority provides delivery by 10:30 am the next day in areas where available. Phone orders placed and credit approved by 8:00 pm (EST) on Saturday for items in stock not requiring configuration for delivery to the contiguous U.S. will ship that same day via FedEx Priority for Monday morning delivery. UPS—UPS ground shipping is available.

Prices & Availability: Because of the fast-moving nature of our industry, prices and availability are subject to change without notice. If a product is not in stock when you call to order (for example, not yet available or sold out), we will do our best to let you know and to let you know when we anticipate the product will be available. Anticipated delivery dates are dependent upon vendor supplies and other factors and are subject to change.

Typographic, Photographic and Technical Errors: We do our best to be accurate but occasionally mistakes do occur. We are not responsible for any typographical, photographic or technical errors. NOTE: Products & packaging depicted may differ from stock available at time of shipment; we reserve the right to substitute equivalent items.

Return Policy: **Money Back Guarantee** (MBG) applies only to products designated by our MBG logo in the catalog. Products covered by a MBG will gladly be accepted for return within 30, 60 or 90 days, as specified by the MBG. All other purchases are final, unless product is defective. Defective products are exchanged or repaired at Creative Computers' discretion within 30 days from receipt (no refunds or credit), except for Apple® hardware which will be repaired and returned to you. For complimentary 90-day telephone support, you may call Apple Computer, Inc. directly at 1-800-500-7078.

Defective software products may be exchanged for the same title only. Defective returns must be 100% complete, in original and resalable condition, with all packaging, manuals, registration card(s) and software. Shipping charges are not refundable. All non-defective product returns for credit or exchange are subject to a minimum 15% restocking fee, and must be completed within 30 days of the date of invoice. NO RETURNS ACCEPTED WITHOUT A RETURN AUTHORIZATION NUMBER. To request a return authorization, call our Customer Service Department at (800) 560-6800 and follow the directions on your packing slip.

Warranty Disclaimer: MacMall® expressly disclaims all warranties either expressed or implied, including any implied warranty of merchantability or of fitness for a particular purpose. MacMall® shall have no liability to anyone for incidental or consequential damages or any other liability, loss or damage arising out of or related to the merchandise. All merchandise is sold "AS IS." MacMall® makes no warranty as to the performance of any merchandise sold. We are not responsible for system downtime, lost data, etc. This disclaimer by MacMall® in no way affects the terms of a manufacturer's warranty, if any.

Additional Information: Policies and item availability are subject to change without notice. MacMall® is not responsible for late or delayed shipments or system failures. Title to items being purchased is retained by MacMall® until items are paid for by the purchaser and at that time title passes to purchaser. If you purchase items for export, you must obtain from the Federal government certain export documentation. Terms of MacMall's agreements with numerous vendors in the catalog forbid us from exporting product. Some products not available for sale to schools. Action Pack

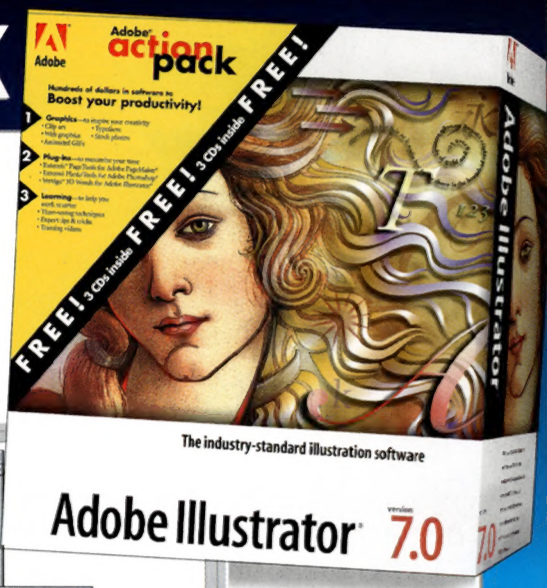
Adobe Illustrator 7.0

Key Features:

- **Drawing and painting**—Apply shapes, effects, textures, grades, fills and filters to any design element
- **Image handling**—Caching, previewing and faster redrawing
- **Typographic control**—Typographical formats are retained when files are imported into PageMaker
- **Web design**—Layouts retain design integrity as Web-ready files
- **Versatile Color Capabilities**—BuilD or convert to either RGB or CMYK
- **Seamless drag and drop Integration**—Seamless workflow between Illustrator, Photoshop and PageMaker
- **Reshape Tool**—Adjust groups of paths globally without editing anchor points



Enjoy precise control of your artwork and type. Create, transform and align elements just the way you want. Even wrap text around graphics!
